3. BACKGROUND AND LEGISLATION

Background

Codes of conduct establish standards of behaviour to be followed and define how individuals are expected to behave towards each other, towards the children in their care, and towards other organisations and individuals in the community.

The Approved Provider, Nominated Supervisor and staff have a duty of care to the children attending the service and must ensure 'that every reasonable precaution is taken to protect children being educated and cared for by the service from harm and from any hazard likely to cause injury' (National Law: Section 167).

The *National Quality Standard* requires that staff are respectful and ethical and that 'professional standards guide practice, interactions and relationships' (*National Quality Standard: 4.2 and 4.2.1*).

Employers also have a legal responsibility to provide, as far as is practicable, a safe workplace that is free from discrimination, bullying and harassment.

Child Safe Standard 3 requires services to develop and review codes of conduct that establish clear expectations for appropriate behaviour with children including:

- how to respond to risks adults may pose to children or that children may pose to each other
- how to ensure the cultural safety of Aboriginal children and culturally and linguistically diverse children
- how to be inclusive of all children, including children with a disability.

A Code of Conduct should be informed by the service's philosophy, beliefs and values, and based on ethical principles of mutual respect, equity and fairness. Consideration should be given to the Victorian Teaching Profession *Code of Conduct and the Code of Ethics* and to the Early Childhood Australia's *Code of Ethics* in developing the code of conduct.

The Approved Provider must ensure that the Nominated Supervisor, staff, contractors, volunteers, students on placement, parents/guardians, children and others attending the programs and activities of Jack & Jill Beaumaris Kindergarten adhere to the expectations outlined in the Code of Conduct when communicating to and interacting with:

- children at the service and their parents and family members
- each other
- others in the community.

4. DEFINITIONS

The terms defined in this section relate specifically to this policy. For commonly used terms e.g. Approved Provider, Nominated Supervisor, Regulatory Authority etc. refer to the *General Definitions* section of this manual.

Bullying: Repeated verbal, physical, social or psychological behaviour that is harmful and involves the misuse of power by an individual or group towards one or more persons. Bullying occurs when one or more people deliberately and repeatedly upset or hurt another person, damage their property, reputation or social acceptance.

Child Safe Standards: Came into effect for all early childhood services on 1st January, 2019. Organisations that provide services or facilities for children must implement Child Safe Standards to protect children from abuse. Refer to <https://ccyp.vic.gov.au/child-safety> for more information.

Duty of care: A common law concept that refers to the responsibilities of organisations to provide people with an adequate level of protection against harm and all reasonable foreseeable risk of injury.

Ethical conduct: Behavior which reflects values or a code of conduct.

Harassment: When someone is demeaning, derogatory or intimidating towards another person. Harassment includes:

- racial taunts
- taunts about sexual orientation or gender identity
- sexual harassment: unwelcome physical, verbal or written behaviour of a sexual nature
- repeated insulting remarks.

Investigator: A person/staff member assigned or organization engaged with the responsibility of investigating suspected breaches of the Code of Conduct by the Approved Provider.

Notifiable complaint: A complaint that alleges a breach of the Education and Care Services National Act or Regulation, or alleges that the health, safety or wellbeing of a child at the service may have been compromised. Any complaint of this nature must be reported by the Approved Provider to the secretary of DET within 24 hours of the complaint being made (Section 174(2)(b), Regulation 176(2)(b)). Written reports to DET must include:

- details of the event or incident
- the name of the person who initially made the complaint
- if appropriate, the name of the child concerned and the condition of the child, including a medical or incident report (where relevant)
- contact details of a nominated member of the Grievances Subcommittee/investigator
- any other relevant information.

Written notification of complaints must be submitted via the National Quality Agenda IT system (NQAITs): <http://www.acecqa.gov.au/national-quality-agenda-it-system>. If the Approved Provider is unsure whether the matter is a notifiable complaint, it is good practice to contact DET for confirmation.

Reportable Conduct Scheme: The Victorian Reportable Conduct Scheme (RCS) seeks to improve organisations' responses to allegations of child abuse and neglect by their workers and volunteers. The scheme applies to the conduct of any person over the age of 18 years who is employed or engaged by an organisation covered by the scheme to provide services, including as a volunteer, contractor, office holder, officer or other position. A reportable allegation can only be made against a volunteer if they have been engaged by an organisation covered by the scheme. To 'engage' a volunteer means to enter into an agreement, either verbally or in writing, for a person to provide a service without that person (the volunteer) receiving financial gain. There is no minimum period for the engagement.

Respect: Demonstrating regard for the rights of individuals, for different values and points of views.

Serious incident:

- the **death of a child** while being educated and cared for by the service or following an incident while being educated and cared for by the service
- any **incident involving a serious injury or trauma to a child** while that child is being educated and cared for, which:
 - a reasonable person would consider required urgent medical attention from a registered medical practitioner; or
 - the child attended or ought reasonably to have attended a hospital e.g. broken limb*
 - any **incident involving serious illness of a child** while that child is being educated and cared for by a service for which the child attended, or ought reasonably to have attended, a **hospital** e.g. severe asthma attack, seizure or anaphylaxis*

NOTE: In some cases (for example rural and remote locations) a General Practitioner conducts consultations from the hospital site. Only treatment related to serious injury, illness or trauma is required to be notified, not other health matters.
- any emergency for which **emergency services** attended
NOTE: This means an incident, situation or event where there is an imminent or severe risk to the health, safety or wellbeing of a person at an education and care service. It does not mean an incident where emergency services attended as a precaution.
- a child appears to be **missing or cannot be accounted** for at the service
- a child appears to have been **taken or removed** from the service in a manner that contravenes the National Regulations
- a child is mistakenly **locked in or locked out of the service** premises or any part of the premises.

Notify the regulatory authority of serious incidents online through the [NQA IT System](#). You can download the [incident, injury, trauma and illness record template](#) to record any supporting evidence or other (non-serious) incidents.

Support: Work in a co-operative and positive manner.
